

The screenshot shows a Trello workspace for a team named "Team X". The board is titled "Wetland: Water Meter - Team X". At the top, there's a navigation bar with the Trello logo, search, help, and notifications. Below the header, the board is organized into five vertical lanes:

- To Do**: Contains two cards. The first card lists openenergymonitor.org/empon applications/solarpv and beautiful display. The second card lists http://scanlime.org/2009/01/wireless-temperature-picture-frame-mashup/. There are three avatars at the bottom of this lane.
- Doing**: Contains two cards. The first card discusses Lit-review Topics with questions about year round? Volume?, How many 55 gallon barrels you have?, etc. The second card mentions Matt turbidity, bod, salinity, Pete: ph sensor/litmus, temperature, carbon filter, etc. Both cards have one comment icon.
- Done**: Contains four cards. The first card says "Please send an email apologizing for being late to Mary and Nina...". The second card has a webcal link. The third card is titled "problem analysis". The fourth card says "Please rename project to be: Wet\_Land - TEAMNAME". There are also cards for "section 1", "lit review-use", and "all solutions".
- Inspirations**: Contains two cards. The first card is a brainstorm about Arduino programmable microchips, Water Quality, etc. The second card has a URL: http://www.sensorsmag.com/sensors/leak-level-a-dozen-ways-measure-fluid-level-and-how-they-work-1067.
- lit papers**: Contains three cards: "Matt's paper", "Solomon's Paper", and "Peters Paper". There are also links to "revised lit review" and "Javier's Paper".

At the bottom of the screen, a taskbar shows various application icons and the system clock indicating 10:35 AM on 12/13/2013.
