

Let's Make a Difference!

Compost your paper towels.

It's Easy...

Paper
Towels
Only

bins = Paper Towels
Only

Everything
Else

bins = Everything
Else

HSU generates almost 20 tons of paper towels
every year.

We then truck it hundreds of miles to a landfill.

But if we can separate our paper towels
from other trash,

we can create energy, soil, and reduce our carbon footprint,
right in our own backyard!

HSU can make a difference!
