Cardboard Folding Puzzle

The puzzles are very simple to make, but the solutions vary in difficulty.

Tools:

- Scissors
- Pen
- Pencil
- Something to make straight lines

Materials:

- Take a piece of 250 gram/meter cardboard heavy paper (cardboard).

How to

1. Cut it 12x 9cm, and fold it on the dashed lines.
2. Cut in the middle 3 cm vertical
3. And cut in the inside 3cm vertical 6cm horizontal and 3cm vertical like on the drawing
4. The paper must be a closed loop.
5. Fold it in a complex way and
6. Draw some images on six selected surfaces.
7. Unfold it
Good luck
