

Comms pack - Global Day of Action for Climate Justice

Key info

- The COP26 Coalition is calling for a Global Day of Action on Saturday 6th November, during the middle weekend of COP26. Due to the COVID-19 pandemic, we're calling for decentralised actions across the world.
- We've created a map to list local actions, local hubs and regional organising.
- Ask: Join the Global Day of Action.
 - Find or organise a local action at cop26coalition.org/gda
 - RSVP to be kept up to date.

Whatsapp message template

**Global Day of Action for Climate Justice* 🌍🌱👏 World leaders will meet in Glasgow in November at the global climate talks, COP26. They will decide who is to be sacrificed, who will escape and who will make a profit. Justice won't be delivered to us by leaders or corporations. Only we can imagine and build the future that works for us all. On the 6th Nov, movements across the world are taking action in decentralised mass mobilisations – from indigenous struggles to trade unions, from racial justice groups to youth strikers.*

📍 Find your local action, if there isn't one use the map or resource pack to get involved in organising one! <https://cop26coalition.org/gda/>

And spread the word - climate justice comes from the ground up 🗣️
