
COVER MEMO SECTION 2, PROBLEM ANALYSIS

to: Lonny Grafman

from: Triangle of life team (Julia Iman, Vincent Mendez, Elizabeth Odell, Jake Reeser)

subject: ENGR-215 Section 2, Problem Analysis

date: 3/7/2021

Purpose

The purpose of this memo is to submit our Problem Analysis for the “Triangle of Death” project. This includes the introduction, specifications, considerations, criteria, usage, and production volume. It will also define the different criteria associated with the project and help define the constraints to their idea/ideas.

Discussion

Attached to this memo is our Section 2, Problem Analysis. We are turning in one file, which has each topic and a criteria table. We are aware that there is room for improvement and we are open to feedback on how to improve our work. We do not have any questions or concerns as of now, but we will email you if anything comes up.

Recommendation

Please review what we have submitted and contact us with any issues you find, or any areas you feel we can improve. We look forward to receiving your feedback on this document.
