Subject: Design Document Section III (Alternative Solutions)

Date: 3/13/14

Purpose

The purpose of this memo is to inform you of the submission of Section 3 of our design document, the Alternative Solutions.

Discussion

Our Alternative Solutions section includes a list of 15 unique designs. The reason we did so many different designs is because our client wanted more than one solution. He is going to use more than one birdhouse to accompany a community trail that will eventually be built behind Zane. The designs range from conventional birdhouse designs to birdhouses that utilize up-cycled materials. We would like you to review our design "Kabbloo" on page 7.

Call to Action

We appreciate and look forward to your feedback of our document. We are looking for feedback pertaining format and structure of the document and any other issues that may present themselves. Thank you for your time.
