Subject: Engineering 215: Memorial Garden Poster Draft

Date: April 8, 2015

The purpose of this memorandum is to submit a draft of a poster presenting our memorial garden project. Also, we all had one question throughout the assignment.

Attached to the memo is an 8.5" x 11" copy of our poster draft. One question that the group as whole was wondering about is exactly what should be included in our draft - a mere layout or the necessity of actual content? As we are in the beginnings of our project we decided to include what we could and leave the rest of the layout to be filled in our final draft.

Thank you for your time; we look forward to completing our project and getting feedback.
